Fellowship Group Homework and Discussion

Main Point: Be Intentional With Your Oikos

I. The Intentionality of Paul's Ministry

II. The Intentionality of My Oikos

- A. Make an oikos list

- B. Keep your oikos list current

- C. Pray everyday for your entire oikos

- D. Help each member of your oikos take the next step spiritually

- E. Be accountable in your Fellowship Group for these four things

1. What have you liked best about this series?

2. What have you found difficult to accept in this series?

3. If, as a church, we really did this, we would be a rare church. If all of us embraced oikos as a way of life while remaining a biblically deep church, the impact upon the Tri-Cities would be amazing. Are you willing to be an active part of this mission?

4. In this sermon, you were asked to do five things.
 - To keep oikos alive in your life, on which item will you need the most accountability?

 - How can your Fellowship Group play a part in keeping you accountable?

5. Share with your Fellowship Group a few names from your oikos list. Explain where they are at spiritually and what action you are taking to help them take the next step towards Jesus.
